"Financial problems are nuts and clover for demagogues."—J. A. GARFIELD.

H. S. GIVLER, Prop.

TWENTY-FIRST YEAR.

WA-KEENEY, KAN., OCTOBER 28, 1899.

NUMBER 34

Say, It's a Caution

The way new goods are pouring into

MOORE'S CASH STORE.

And the prices are so low—they may not recover. We were late in getting our goods, but we "got a plenty while we were gettin'."

We are now ready to show you some nice Dress Patterns. Our Capes and Jackets are nearly all in and you would do well to call early. We have Dress Skirts, Capes and Jackets from Beifields, which insures their being up-to-date, the latest styles in material and make.

Walking Hats! Post up on latest styles and prices and then see our goods. Some quills, Rhinestone buckles, etc.

Fine lot of outings, plain and fancies, ranging in price from 5c to 10c—the very best English flannelettes 10 cents.

Some novelties in comforter calicoes. Cotton bats 6c, 10c and 15c.

Fleeced hosiery for men, women and children.

In spite of advanced prices all along the line we managed to buy underwear at a figure that enables us to sell it to you at a shade lower figure than a year ago.

Good heavy cottonades for pants 12 1-2 and 18 cents.

New supply of fall and winter caps.

With one of our "Thoroughbred" hats, a pair of Russian Cordovan shoes, and your pants held on by a pair of Atwood suspenders, you can't go far wrong.

Blackhide twill shirting 10c. Some material in hand—some check for dress skirts 10c.

Heavy Plymouth tan buckskin glove 85c.

Boys' winter mittens and gloves.

A few trunks left.

We are selling carpets. See our samples.

Boots. Blankets. Overshoes.

Come in and get that suit of clothes before your size is out. Our clothing is going fast.

Remember that our team harness is the best at the price.

A few men's overcoats left.

Duck coats and ulsters. You will recall to mind the fact that no one has attempted to meet our price on interlined, waterproof duck coats.

Republican County Ticket.

For Treasurer.....C. H. Benson
For Clerk.....W. W. Gibson
For Register.....James Kelly
For Sheriff.....G. V. York
For Surveyor.....C. J. Ferris
For Coroner.....Joshua Graft
Commissioner, 1st Dist.....Jacob L. Allman

Vote the Republican ticket.

Joshua Graft, our candidate for Coroner is an old resident and an all-right man.

The Republican candidate for Surveyor, C. J. Ferris, is by far the best practical Surveyor in the county. As a business proposition he is the man for the place.

The Republican candidate for sheriff is George York. He is an old resident, an excellent scribe, careful and deliberate, and if elected will make a good officer.

Jake Allman, the first district candidate for County Commissioner, is an old resident, a farmer of more than ordinary ability, and if elected will give the county honest and faithful service.

The office of County Clerk is one of the most important offices to be filled this fall and the Republican candidate, Walter Gibson, has lived here for fifteen years, is in every way qualified to fill the office satisfactorily. He has had considerable experience in business affairs, which will prove of great advantage in this office.

James Kelly is in every way qualified to fill the office of Register of Deeds. He has the necessary educational qualifications, he is honest, industrious and should be elected. We don't know of a single good reason why he should not receive a unanimous support from the Republican voters of the county.

Another very important office to be filled this fall is that of County Treasurer. Charley Benson, the Republican candidate, is fully competent to handle the business of the office and if he is elected the financial affairs of the county will be in safe hands. He will make an honest, competent and accommodating official.

This country is in the midst of a war. The Nation's honor and prestige are at stake. The stars and stripes have been fired upon. Aguinaldo and his leaders are hoping for Democratic success at the polls next month. Are you going to vote for the flag or against it.—Sumner County Star.

Every voter in the county should read the following before casting his vote on November 7: "Bryan says that when Dewey destroyed the Spanish fleet in Manila bay he should have sailed away and left the Philippines in the possession of Spain. If you believe this, gentle reader, you should vote the Populist ticket, but if you don't, but on the contrary believe Dewey did right in staying there, holding on to the islands and laying the ground work for this country, gaining a foothold in the Orient, which will make it the greatest commercial nation on earth, then, regardless of what your politics have been heretofore, you should vote the

Republican ticket. Expansion is the great question now before the American people. It is what they are thinking about and you can't lead their minds from it and it is upon the issue that they will line up in 1900. Now is the time to take your stand and make your influence felt."—Kingman Courier.

EDITOR WORLD. I suppose you will give us the particulars about the funeral and oration in this issue. Now, sir, I being an American citizen, and one who always speak my mind openly, I think that the persons who had charge of the funeral obsequies, did a great injustice to the inhabitants of the city and surroundings that they did not try and procure what may be termed an orator for the occasion. I am of the opinion that there is not a business man in Wa-Keeney but that he would make a better orator, (if I may call it such) than the one we had to listen to. I felt grieved myself to see so many young men of the Spanish-American war, a fine specimen of American heroes present and not a word or syllable uttered toward their patriotism. In my viewing them over I thought to myself, what a splendid army of young heroes we must have in the Philippines. It struck me also of the unpardonable offense of Mr. Payton against these young heroes. With respect to you and our young heroes, I am, respectfully,
EX-SOLDIER.

Hon. Abe Frakes, who regularly puts in an appearance about this time of year, arrived in Dighton, Saturday, and put in several days advising with his old-time followers. Abe just returned from Indiana a few days ago, and when questioned as to the relative condition of the Indiana and western Kansas farmer he very emphatically expressed the opinion that the Kansas farmer who is looking well after the cattle industry is better off and making more money than the Hoosier farmer. Abe is a very observant individual, as well as an astute politician, and generally sizes things up about right.—Dighton Herald.

Taxes are due on the 1st day of November. A rebate of 2 1/2 per cent on the whole tax will be allowed if paid by December 21. If not paid by December 21 no rebate and 5 per cent penalty is added. A penalty of 5 per cent is also added June 21. No rebate is allowed unless the whole tax is paid at one time. Lands are sold for taxes on the first Tuesday in September, after which taxes and costs will draw 15 per cent interest until paid. Three years from date of sale a holder of a certificate will be entitled to a deed and in five years the deed becomes absolute.

Some of the leading ladies of the town were talking of giving an election dinner and using the proceeds to have the court house thoroughly cleaned inside and the yard raked off and the rubbish that is lying around hauled away. We are inclined to think some of the ladies were in a humorous mood when they suggested cleaning out the court house so near November 7th.

"Keeping Cows for Profit" is a well chosen title of the newest work on practical dairying to come under our notice. We understand that a large issue of this little publication is being gratuitously circulated with the compliments of the De Laval Separator Co., 74 Cortlandt St., New York, which concern offers to send a copy to every reader of the WORLD upon request.

Now is the time when a man meets you with a bland smile, enquires in a very solicitous manner in regard to your own health, your wives and numerous children and, in fact, he is the most affable, the most interested man we meet—the county candidate.

Vote the Republican ticket.

The electrical display at the state house in Topeka in honor of the 20th Kansas reception is to be the most elaborate ever seen in the west.

Tom Williams, who served Uncle Sam so faithfully in the Philippines, is visiting his wife and relatives west of town. Tom was with a Montana regiment and his account of the war is very interesting.

Rev. I. H. Clemmons of Dighton is the new Baptist minister. He is in the city looking around to buy or rent a house. Rumor says he purchased the old Priestley house of Mrs. Stonex. We welcome the Rev. and family into our midst.

Robert Samuels of Ogallah opened his new store to the public last Tuesday. Bob has one of the best store buildings in the county and his stock of goods is new and he will sell everything at rock bottom prices. He has expended lots of money and should be patronized liberally.

Our old friend John Saleen called Wednesday forenoon and informed us that he had plenty of work at his trade. He just finished a job of stone work on the Olson school house in Riverside township, built a stone stable 30x32 for Gus Wahlberg and has the contract to erect a large stone cattle shed for Andrew Johnson.

Auctioneer Eppler had the pleasure of selling at a "neck-tie" social given in one of the school districts in the east end last Friday night the prettiest lot of neck ties ever sold under the hammer. The bidding was spirited and high. One very fine young man bid \$1.40 for a tie and got it thinking it was made by the young lady he wanted to eat lunch with. Some mysterious spirit crept into him and he sold the tie to a little fellow for 70 cents. He started in bidding again and bid on every tie put up till at last he purchased one at a big price. After the auction was over the young man started out to find the lady who wore a tie like the one he bought. He found her and, to his surprise, he had the pleasure of partaking of some of his dear mamma's delicious cake. But he looked across the room and lo and behold, the young man he sold the tie was eating supper with his best girl.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

MYSTERIOUS FIRE—NOT VERY.

Another of those mysterious fires occurred in the James Best neighborhood last Friday night. The victim this time being myself. I had about thirty loads of cane and kafir corn stacked on the west side of my place one mile west of James Best's residence, and on the night above mentioned, some evil disposed (suspected) person willfully set fire to and burned all of it. This is not the first fire that has occurred in this vicinity, but the fourth of the same nature.

Neighbors! how much longer are we on retiring to our beds going to allow this person to disturb our rest by the thought of being burned out before the rise of the morning sun?

Let's meet and do something to protect our lives and property—the sooner the better this demon is out of our community.

Respectfully,
DICK OWENS.
